High-visibility, biodegradable marbles, no ricochet.

BARNETT slingshot balls cal.50 x650 are **biodegradable clay ammunition** designed for **slingshot** training, offering accuracy, safety and respect for the environment.

- **Caliber:** .50 (1/2")
- **Quantity:** 650 marbles
- **Material:** Biodegradable clay
- **Visibility:** Bright-in-Flight high visibility
- **Property:** Water soluble
- **Safety:** No ricochet
- **Total weight:** 1.80 kg
- **Compatibility:** All slingshots

Biodegradable clay beads

Made from **natural clay** , these .50 caliber pellets fragment on impact and dissolve gradually upon contact with water. A real advantage for outdoor **recreational shooting** : no lasting pollution, no need for on-site cleanup.

High visibility in flight

Bright-in-Flight technology improves the visibility of the ball during its trajectory. This allows for better tracking of shots, correction of technique, and faster progress. In practice, this is particularly beneficial during introductory sessions or dynamic training.

Precision and safety

With their **.50 (1/2 inch)** diameter, these pellets ensure consistent dimensional accuracy. Another key feature is the absence of ricochet. Unlike steel balls, clay disintegrates upon impact, reducing the risk of rebound and improving safety.

Economy format, 650 shots

The **650-round** pack provides a comfortable volume for regular practice. Compatible with all **standard .50 caliber slingshots** , this pack is a practical solution for clubs, retailers, and serious slingshot enthusiasts.

- **Type of use:** Recreational shooting, training

- **Packaging:** Resealable tube

FAQ

Are these marbles compatible with all slingshots?

Yes, they are compatible with all slingshots that accept .50 caliber (1/2 inch).

Is there a risk of ricochet?

No, these clay balls are designed to fragment on impact, greatly reducing the risk of ricochet compared to metal balls.

Can they be used outdoors without environmental impact?

Yes, their composition of biodegradable and water-soluble clay allows for responsible outdoor use.
