SKU	Designation	French Law	Tension (v)	Battery	MSRP
LC5121	Renata Lithium Battery CR1632 3V x2	Vente libre	3	CR1632	18.00 € incl. tax

Two high-reliability lithium batteries to power your sensitive electronic devices for a long time.

The **Renata CR1632 3V x2 Lithium Battery** provides a stable and long-lasting power supply for **watches** , **remote controls** , connected devices and small electronic devices requiring reliable power.

- **Type:** Lithium coin cell
- **Reference:** CR1632
- **Voltage:** 3V
- **Capacity:** 125 mAh
- **Technology:** Lithium manganese dioxide (Li-MnO2)
- **Diameter:** 16 mm
- **Height:** 3.2 mm
- **Weight:** 1.8 g
- **Packaging:** blister pack x2 batteries
- **Compatibility:** DL1632 / ECR1632 / BR1632 / 1632
- **Mercury-free:** 0% Hg

Reliable power for everyday devices

Compact yet powerful, this lithium coin cell battery perfectly meets the needs of electronic devices requiring a stable power supply over time. It is found in **watches** , **car keys** , remote controls, and certain electronic measuring equipment.

Thanks to its lithium manganese dioxide technology, it delivers a constant voltage of 3V, particularly appreciated for sensitive devices where the regularity of the power supply plays an essential role.

High performance lithium technology

With a capacity of 125 mAh, this CR1632 battery provides long-lasting power while maintaining an extremely compact form factor. Its low self-discharge allows for extended storage of up to 10 years under optimal conditions.

In practice, this means fewer replacements and immediate availability even after several years of storage. This is a real advantage for users who want to keep reliable backup batteries on hand.

Designed for sensitive electronic devices

RENATA's Swiss-made quality guarantees excellent energy stability and a low risk of leakage compared to standard batteries. This reliability is particularly sought after in precision equipment or devices used daily.

- **Applications:** watches, remote controls, scales, calculators
- **Compatibility:** DL1632, ECR1632, BR1632, 1632
- **Standards:** IEC 60086, CE, RoHS
- **Packaging:** secure blister pack x2
- **Storage:** dry and temperate place
- **Recycling:** specialized channels such as Corepile

A sustainable and responsible solution

Mercury-free and recyclable, this lithium battery is part of a more environmentally friendly approach. Its long lifespan also helps to limit frequent replacements and therefore waste production.

FAQ

Which devices use a CR1632 battery?

The CR1632 battery is used in many devices such as watches, car keys, remote controls, electronic scales, calculators and connected objects.

What is the storage life of this RENATA battery?

Thanks to its low self-discharge, this battery can be stored for up to 10 years in a dry and temperate place.

Is this battery compatible with references DL1632 and BR1632?

Yes, this RENATA CR1632 battery is compatible with the references DL1632, ECR1632, BR1632 and 1632.
