**Explore Putange mole trap tents, an essential tool for effective control of moles in your garden. Thanks to this set of 10 tents, the capture of these pests is made easier, thus preserving your lawn and your plants.**

Specially designed to be placed in mole galleries, Putange mole trap tents simplify the capture of these pests. Once positioned, simply cover the gallery so that the mole finds its natural environment of darkness and humidity, thus promoting its attraction to the trap. For maximum effectiveness, we advise you to use gloves when handling this trap so as not to leave your own odor behind.

Putange mole trap tents offer a series of valuable advantages:

- Set of 10 tents: Have a sufficient set of tents to cover all the mole galleries present in your garden.
- Proven Effectiveness: These tents are specifically designed to attract moles and successfully capture them.
- Protection of your garden: By eliminating moles, protect your lawn and plants from damage caused by these pests.
- Remarkable quality: Made with durable and resistant materials, these tents ensure guaranteed longevity.
