Ultra-powerful 4-shot launcher with integrated laser sight.

The **Piexon JPX 4 Compact** is a 4-shot, **non-lethal defense** launcher with an **integrated laser sight** for maximum accuracy. It propels an OC irritant solution at over 350 km/h, instantly neutralizing a threatening individual up to 7 meters away.

- **Capacity:** 4 independent shots
- **Active substance: Piexol OC 400kS**
- **Range:** 1.5 to 7 m
- **Speed at 1.5 m:** 97.6 m/s (351 km/h)
- **Aiming:** integrated laser (3 LR44 batteries, not included)
- **Weight:** 399 g (empty) / 579 g (loaded)
- **Dimensions:** 192 x 40 x 120 mm
- **Propulsion:** pyrotechnic (14 mm)
- **Unclassified product:** available for sale to persons 18 years of age and older

A four-shot defense system ready for action

The **JPX 4 Laser Compact** offers a **four-shot** capacity, with each shot housed in a separate tube with a presence indicator. Each shot is individually reloaded, ensuring optimal firing power at all times. Ideal for situations involving repeated or multiple threats.

Integrated laser sight for instinctive shooting

Equipped with an integrated **deterrent laser** , powered by 3 LR44 batteries (not included), this model allows for quick and intuitive target acquisition. The red dot also acts as an immediate deterrent even before firing. The beam remains visible even in low light.

Jet OC at 351 km/h: maximum efficiency

Each shot projects a **9 ml** volume of **Piexol** , a **capsaicin** -based irritant, at an impressive speed of **97.6 m/s** . The sensory shock is immediate: temporary loss of vision, burning of the mucous membranes, coughing... Effective on both humans and threatening animals, even in rain or strong winds.

Compact body, tactical design

With its **short (two-finger) grip** , controlled weight, and soft-grip finish, the JPX4 is designed for a **secure hold** and compact size. Its design evokes that of a handgun, with a powerful report with each shot, reinforcing its deterrent effect.

FAQ - Frequently Asked Questions

Is this a classified product?
No, the JPX 4 Laser Compact is an unclassified device available for sale to individuals aged 18 and over.

Is the laser constantly activated?
No, it is activated manually via a switch. It is powered by 3 standard LR44 batteries.
