Gamo Lethal perforating pellets with increased precision for 4.5 mm caliber air rifles

Packaging per 100

Leads intended for target shooting within the framework of leisure, or for the regulation of pests in the countries which authorize it.

Composite leads:

Copper-plated steel head for optimal perforation

Lightweight polymer skirt for more speed and ultra waterproof

Very regular stroke thanks to a clean and flawless profile: up to 38% \* more precise.

Weight 5.56 g or 0.36 g for more initial speed.

\* gamo test
