DPS764	Little Sharps carbine cal. 22 LR	C	.22 LR	1	61.7	104.5	3450	1721 € incl. tax	Disponible

A reinterpretation of the 1874 model designed to create a classic model of reduced size and weight. To do this the case and the plate were rounded and thinned, and the classic octagonal barrel was replaced by a semi-octagonal model, also reduced in size. Forged case, selected walnut stock and "Match" PMG gun.

The stock retains its original dimensions and comfort. This allows to obtain a "new" Sharps with a total length of only 104 cm and a reduced weight of 3.45 Kg.
