The plates are decorated with engravings representing wild animals evolving in their natural habitats, their finish is marbled. The walnut pistol grip has two checkered parts to provide a firm, comfortable and stable grip, also thanks to the counterweight of the grip cap.

Similar to traditional British weapons, the pistol can also be offered in a nice wooden box containing accessories.

Classical gun with juxtaposed guns reproducing the Anglo-Saxon style of weapons used in hunting during the second half of the 1800s, in the distant Indian colonial territories.

During the first period of British Indian rule, Howdah guns, by their power and reliability, were preferred by officers of the British Army in the distant pre-empires of the vast empire, but their main use was at close range. to stop dangerous wild animals such as tigers, well known for jumping on howdahs set on the backs of elephants. The name "Howdah" refers to the palanquin installed on elephants.
