### For the Cominazzo discipline: single-shot flintlock pistol with smooth bore

The striking style of the stock is highlighted by the oblique line at the rear of the lock. Combined with the design of the grip, this feature allows for a grip that is not only extremely comfortable, but also perfectly consistent. The weapon is equipped with an adjustable rear sight, a trigger with a French-style adjustable stecher, and a brown-bronzed PMG "Match" smoothbore.

Superb replica of a model created in cooperation by the two famous London gunsmiths Joseph Egg and Henry Tatham.
