SKU	Designation	French Law	Length (cm)	MSRP
COR1231	ARTEMIS 31	Vente libre	31	97.00 € incl. tax

### A flat 31cm horn combining excellent sound range and small size.

The **ELLESS ARTEMIS 31 Hunting Horn** combines a flat profile with an ergonomic curved shape for excellent user comfort. Designed for group hunting, it produces a clear, well-projected sound while remaining easy to carry.

- **Type:** Flat curved hunting horn
- **Model:** ARTEMIS 31
- **Length:** 31 cm
- **Tip:** Medium
- **Shape:** Flat and curved
- **Ergonomics:** Comfortable grip
- **Use:** Beating and sound communication

### Optimized sound range for driven hunts

The **ELLESS ARTEMIS 31 Hunting Horn** was designed to provide a powerful and easily identifiable sound signal. Its 31 cm length ensures excellent sound projection, a valuable advantage during driven hunts where rapid communication between participants is essential for a successful outcome.

### A flat design that's easy to carry

Its flat profile is one of its main advantages. Unlike bulkier models, this hunting horn is easy to carry and fits easily into a hunter's equipment. Its discreetness is particularly appreciated when moving through the forest or between different hunting stands.

### Ergonomics and responsiveness in the field

The carefully designed curvature of this horn allows for a quick and natural grip. When a signal needs to be transmitted without delay, this ergonomic shape enables intuitive use. In practice, it offers an excellent balance between comfort, maneuverability, and acoustic efficiency.

### **Remarkable acoustic qualities**

Despite its slim profile, this hunting horn delivers a clear, precise, and well-projected sound. This sound reproduction facilitates the transmission of traditional **hunting** signals and contributes to better coordination among participants, particularly in wooded areas.

### **Additional features**

- **Sound projection:** Excellent signal diffusion
- **Size:** Reduced thanks to the flat design
- **Handling:** Quick and intuitive
- **Comfort:** Suitable for prolonged use

### **A versatile hunting horn for group hunting**

Whether for a small hunt among enthusiasts or a larger event, this hunting horn is a reliable and practical accessory. Its intermediate size appeals to hunters looking for both good sound range and equipment that is easy to carry every day.

### **FAQ**

#### **Why choose a 31 cm trunk?**

This length offers an excellent compromise between ease of transport and sound diffusion quality during group hunting operations.

#### **Does the flat shape reduce the power of the sound?**

No, the design of the ARTEMIS 31 horn allows for excellent acoustic quality while benefiting from a reduced footprint.

#### **Is this trunk suitable for wooded environments?**

Yes, its clear and well-projected sound signal facilitates communication between participants even in areas with dense vegetation.
