A compact and loud hunting horn for effective communication during driven hunts.

The **ELLESS DIANE 24 Polished Hunting Horn** is designed to provide excellent sound projection during hunting activities. Its curved shape ensures a comfortable grip and quick use in the field.

- **Pavilion length:** 24 cm
- **Finish:** Polished
- **Tip:** Medium
- **Shape:** Ergonomically contoured
- **Use:** Drive and communication during the hunt

An effective audible signal for hunting activities

In the field, communication between hunters is essential. The **ELLESS DIANE 24 Polished Hunting Horn** was designed to transmit clear and easily identifiable sound signals during driven hunts. Its compact size allows it to be kept close at hand while ensuring excellent sound projection.

A comfortable, curved design

Its curved shape promotes a natural and quick grip. In practice, its ergonomics are immediately appreciated when signaling an action without wasting time. This geometry also makes it easy to carry in a pocket or attached to the hunter's gear.

A neat, polished finish

The polished finish provides an elegant presentation while facilitating routine maintenance. It is a traditional accessory that remains a valuable tool for enthusiasts of **driven hunts** , **venery** , or any hunting activity requiring distinct audible signals.

Additional features

- **Sound diffusion:** Good range in wooded environments
- **Ease of use:** Quick and intuitive
- **Transport:** Compact and practical format
- **Maintenance:** Easy cleaning thanks to the polished finish

FAQ

What is the purpose of a hunting horn in a driven hunt?

It allows the transmission of sound signals between participants to facilitate the organization and safety of hunting activities.

Is this trunk suitable for wooded environments?

Yes, its design promotes good sound diffusion, particularly appreciated during hunts in the forest or in areas with dense vegetation.

What maintenance is required to preserve its finish?

Regular cleaning with a soft cloth helps to preserve the polished appearance and aesthetic qualities of the horn.
