## Special lead-free ammunition for hunting, offering a triple ballistic effect for hunting big game.

The Sauvestre FIP Battue in 9.3x62 is a **lead-free** , innovative and powerful ammunition, designed for large-scale driven hunting.

- **Caliber** : 9.3x62
- **Warhead type** : FIP (Flèche Interne Portée), lead-free
- **Weight** : 247 gr / 16 g
- **Initial velocity** : 760 m/s
- **Initial energy** : 4693 J
- **Packaging** : Box of 20 cartridges

### An innovative lead-free bullet for hunting

The **Sauvestre FIP Battue** in 9.3x62 caliber is a **lead-free** ammunition based on the **Flèche Interne Portée** technology. This bimetallic design offers a **triple ballistic effect** : **penetration** , **dilaceration** and **hydrodynamic cavitation** . It thus combines **exceptional stopping power** and high precision, while respecting environmental requirements.

### Ballistic behavior

Thanks to its advanced construction, the FIP ensures a **taut trajectory** and formidable efficiency up to 200 m. Its absence of lead reduces the ecological impact, without compromising on performance in **driven hunts** . Ideal for shooting the most robust game, it offers controlled recoil and optimal preservation of the venison.

### Ballistic data

Performance measured with a 610 mm gun:

- **0 m:** 760 m/s - 4693 J
- **50 m:** 703 m/s - 4019 J
- **100 m:** 649 m/s - 3425 J
- **150 m:** 598 m/s - 2909 J
- **200 m:** 550 m/s - 2456 J
- **250 m:** 503 m/s - 2058 J
- **300 m:** 460 m/s - 1716 J

**Recommended applications**

The Sauvestre FIP Battue 9.3x62 is particularly recommended for **hunting big game** , especially wild boar and deer. Thanks to its lead-free design and ballistic performance, it represents a modern and environmentally friendly solution.

A premium choice for hunters seeking power, innovation and environmental friendliness.
