Spika, the most effective cleaning solution for your guns!

Cleaning cords for rifled guns, smooth barrel and handguns. An easy-to-use accessory for effectively cleaning the barrel of your shooting or hunting weapon. Leave your barrel clean, without trace residues, rust or dirt thanks to its metal swab and cord.
Screw lock of the swab, bronze brush, patch location.

Allows an optimal and fast cleaning of your guns after a hunting session or firing with compressed air, the 22 Long Rifle, caliber .38, 9 mm (cal.375), cal. 20, cal. 12 ... The Spika cleaning cords provide you with a thorough maintenance thanks to cords adapted to each type of template.

Usage tips :

Step 1: Unroll the cord and apply a solvent inside the barrel.

Step 2: Insert the small metal part attached to the black string into the rifle chamber and slide it until it comes out of the barrel end.

Step 3: Now insert the metal swab into the chamber. Pull the small piece of metal out of the barrel end so that the cord slides into the barrel and the swab that will remove all the residue. Repeat the operation 2 or 3 times if necessary.
