Curative and preventive. In individual bag of 10g of soft paste.
15 highly attractive doses to eliminate all rodents and resistant pests.

APE PATARAT Paste is a ready-to-use all-purpose rodenticide that eliminates all rodents and resistant pests. Its HYPER ATTRACTIVE power, due to its particular aroma, gives it a remarkable power. One ingestion is fatal.

The anti-coagulant molecule is Difenacoum. Curative and preventive. In individual bag of 10g of soft paste. Do not disintegrate, do not dry. Each bait is covered with a very high quality filter paper that both preserves the appetizing substances while letting out the scents that attract the animals.

How to use: Inside and outside, hide baits (eg under a channel tile) so that rodents can consume quietly without distrust and out of sight while preserving unaffected targets. Renew upon consumption.

Security: Individually packaged, no direct contact with poison. Contains bitter protection for children and pets.

Secure and hermetic metal capsule steel box with lid to keep the product in optimal conditions. On each dose on the front and back, cautionary instructions for consumer safety
