The over-under shotgun that allows you to shoot without hindering others!

The Country shotgun with sound moderator considerably reduces the sound of the start of the shot and allows you to hunt or shoot without hearing protection. Discretion is maximum with subsonic ammunition, but shooting with standard ammunition remains comfortable. Added bonus: the suppressor acts as a muzzle brake and limits the recoil of the weapon.

- Ambidextrous plain rifle for small game hunting
- Pistol stock and forend in sanded, oiled walnut.
- Light alloy rocker with a deep black finish.
- Carbon sound moderator encompassing the 2 barrels
- Barrel length alone: 66 cm
- Barrel length: 83 cm including the sound moderator
- Proven steel shotgun for hunting in wet areas.

Report quality / price / extraordinary presentation... For these weapons of beautiful finish. Scales made of finely engraved aeronautical quality aluminum alloy. Sanded, oiled walnut stocks that give Country weapons an elegant note without compromising reliability.
