It is one of the most performance driven Quick Feed systems on the market. The R2™ Quick Feed arms have magnets co-molded into our proprietary dual density material and features a built-in living hinge system which makes sure that your R2™ Quick Feed always feeds paint in but doesn't let paint out. Installation is quick and simple with the R2™ Quick Feed system. We utilize a highly intuitive quick release lid design that allows for effortless changes between traditional lids and your R2™ Quick Feed. The R2™ Quick Feed system also allows the ability to open the Quick Feed like a traditional lid to gain access to the interior of your hopper. The R2™ Quick Feed system is the ultimate answer for those looking for the best way to reload and stay in the game.

• dual density, co-molded proprietary materials
• co-molded magnet technology
• quick release lid
• 15% larger lid opening than the R1
• R2™ compatible
• DYE authentic replacement part
