**French quality and production since 1930**

Hunting socks with a RESISTEX BIO-CERAMIC polyester sole that provides high thermal insulation and maintains a constant body temperature even in extreme cold conditions. FRICTION FREE technology, fiber with a very low coefficient of friction. Prevents the formation of blisters. Breathable fiber for fast drying.

- Stem comfort.
- Achilles heel protections.
- Heel and tip in Friction Free.
- Ergonomic tibia protection in Climayarn.
- Malleolus and arch tightenings.
- 
- 

**TECHNICAL PARAMETERS:****Ergo'Technicity System**

Precision and ergonomics for optimum control of your movements: 3D knitting to create a "shaped" heel / Reinforcement of the heel and toe areas / Non-compressive Soft Edge and adapted to all sizes / Perfect fit with fitted sizes.

**Adaptive Ergonomic System**

With the design of the sock, there are protective zones adapted to the morphology of the foot and the specific requirements of high-intensity sports. High heel reinforcement / Tip reinforcement / Tibia reinforcement / Lateral reinforcements / Ergonomics foot left-right foot.

**Optimum Foot Fit**

Tightening is integrated according to specific practices and conditions of use, mainly on the arch and malleolus, to gain precision during the effort.

**3 Layer System**

Knitting 3 layers: The central frame or "frame" of the sock is Polyamide to provide strength, dimensional stability and moisture transfer to the outside. The outer layer of thermoregulating fiber acts as a heat shield, protecting the foot from external elements. The inner loop layer creates a cushion that provides cushioning and comfort.

COMPOSITION:

- 36% Polypropylene
- 9% Wool
- 21% Polyamide
- 30% Polyester
- 4% Elasthane
