Guaranteed stopping power on big game thanks to controlled and deep expansion.

Browning BXS Solid Expansion ammunition offers ballistics optimized for big game hunting.

- **Caliber:** .300 WSM
- **Bullet Type:** BXS Solid Expansion Monolithic Copper
- **Weight:** 180 grains / 11.7 g
- **Polymer-tipped warhead:** rapid and controlled expansion
- **Initial velocity:** 914 m/s
- **Initial energy:** 4876 J
- **Deep penetration:** ideal for thick-skinned game
- **Nickel-plated cases:** corrosion resistance, better chambering

Premium ammunition for precision hunting

The .300 WSM with BXS bullet is designed for consistency and penetration on big game. Its monolithic copper bullet, equipped with a polymer tip, offers **controlled expansion** and **deep penetration**, ideal for wild boar, deer or thick-skinned game.

Speed

- V0 914 m/s
- V100 854 m/s
- V200 798 m/s
- V300 743 m/s

Energy

- E0 4877 J
- E100 4260 J
- E200 3708 J
- E300 3216 J

Long-range efficiency and maximum reliability

This Browning BXS cartridge is designed to deliver its performance up to 300 m, without compromise. It ensures **stable ballistic behavior**, **reliability in all conditions** and a **high penetration capacity** on the most robust game.

- Ammunition designed for European big game
- Monolithic copper warhead with progressive expansion
- Nickel-plated case for better chambering and corrosion protection
