The essential accessory for post hunting and pigeon hunting. Quick to install or fold, it is easily transportable with the included shoulder bag.

- Simple and quick: opening and zipping in seconds by pushing (to unfold) and pulling (to fold) on the central X-shaped piece for each of the 3 sides.
- Lightweight and rigid: steel structure.
- Camouflage: realistic wood camouflage with leaf cutouts for a 3D relief effect.
- Stability: 3 anchoring stakes.

Discover the new generation of wood camouflage hutteau, the latest in our range of lookout, you will be charmed by its original look with 3D sheets and the breeze view with openings to pass your rifles or camera discreetly.

Two hunters can stand behind the hut without getting bothered. Practical and lightweight, thanks to its fiber frame, it folds entirely on itself on the principle of extension. Simple and quick to deploy, you will now be ready for the long hours at the station. Its wood color allows you to melt in the vegetation, the fabric is cut thus bringing a relief to the lookout for an effective camouflage.

Easy to assemble, simply unfold the four metal branches to stretch the different faces of the hutteau, so finish the long minutes to stretch and try to fix your camouflage net. Space-saving, the hutteau is just as quick to take apart and easy to carry thanks to the carrying bag provided with a shoulder strap.
