Rubber protection balls

The MINI DEFEND-BALL is a rubber bullet defense cartridge that is up to 30 meters in length and allows for a stun gun shot with your traditional weapon. This type of ammunition can neutralize an attacker by limiting the risk of injury or death.

In addition, the "MINI DEFEND BALL" will launch the alert and intimidate the attacker with its powerful detonation.

IMPORTANT - The use of Bior Elastomere Bullet Cartridges "MINI DEFEND-BALL" with a weapon of defense or a rifle must be made only in case of force majeure and within the framework of the legitimate defense. Even if it is an incapacitating ammunition, it can lead to serious injuries especially at close range. It is strongly advised not to use this ammunition within 8 meters of the aggressor. The user is solely responsible for the handling and use of the rubber bullet cartridges.

EN - Fire or projection hazard.

EN - WARNING - Keep out of reach of children. Wear glasses recommended. Do not use towards someone. Store in a dry place away from fire, sparks, sources of heat or ignition. Do not smoke near or when handling.
