Reliable and consistent ammunition for 7.65mm caliber handguns.

The **GECO 7.65mm Browning FMJ**, also known as the .32 ACP, is designed for shooters looking for lightweight, accurate, and consistent ammunition for compact handguns. Its 73-grain jacketed bullet provides good recoil control and optimal stability on target.

- **Caliber:** 7.65 mm Browning / .32 ACP
- **Ball:** FMJ (Full Metal Jacket)
- **Weight:** 73 gr / 4.8 g
- **Ballistic coefficient:** 0.103
- **Initial speed:** 300 m/s
- **Energy at the mouth:** 214 J
- **Packaging:** box of 50 cartridges

Designed for small caliber sport shooting

The **GECO 7.65mm FMJ** is a cartridge prized for its smoothness and consistency. It is aimed at both beginners and experienced shooters looking for effective range ammunition with controlled recoil. Its FMJ design ensures clean impacts and easy maintenance of the weapon.

Ballistic stability and contained recoil

With its moderate weight of 73 grains and a muzzle velocity of 300 m/s, this cartridge generates 214 J of energy at the muzzle. It maintains good performance out to 50 meters, while promoting repeatability of shots.

- **At 0 m (mouth):** 300 m/s - 214 J
- **At 10 m:** 294 m/s - 205 J
- **At 25 m:** 285 m/s - 194 J
- **At 50 m:** 273 m/s - 177 J

GECO Reliability for Compact Weapons

Manufactured with quality components and strict tolerances, these GECO ammunitions guarantee reliable ignition, smooth feeding, and consistent accuracy. The 7.65 caliber remains a relevant

solution for short-range training or testing on old weapons in good condition.
