FMJ Flat Nose bullet for accuracy and readability on target.

The **GECO .357 Magnum FMJ Flat Nose** is a cartridge designed for sport shooting with revolvers. Thanks to its 158-grain flat-nose bullet, it promotes a consistent trajectory, a clean impact on target, and excellent ballistic stability. Ideal for intensive training and dynamic disciplines such as IPSC.

- **Caliber:** .357 Magnum
- **Bullet:** FMJ Flat Nose
- **Weight:** 158 gr / 10.2 g
- **Ballistic coefficient:** 0.179
- **Initial velocity:** 395 m/s
- **Energy at the mouth:** 796 J
- **Packaging:** box of 50 cartridges

Stand ammunition for .357 Magnum revolver

The **GECO .357 Magnum FMJ FN** is a cartridge dedicated to shooters seeking consistency, precision and a clean impact. Its flat-nose projectile improves stability and promotes a clean cut on paper targets, ideal for demanding training or competitive sessions.

Ballistic reliability and consistency

Designed with selected components (brass case, jacketed bullet, reliable primer), this ammunition delivers more than 790 joules of energy to the muzzle. It maintains excellent power up to 50 meters, while offering a smooth and controlled shot.

- **At 0 m (mouth):** 395 m/s - 796 J
- **At 10 m:** 386 m/s - 761 J
- **At 25 m:** 374 m/s - 713 J
- **At 50 m:** 354 m/s - 638 J

A benchmark for demanding shooters

The FMJ FN GECO .357 Magnum is acclaimed for its consistent performance, trajectory stability and excellent target behavior. A technical choice for precision revolver shooting.
