When holding Category B weapons, it is mandatory to have a safe to keep the weapons in question out of reach of third parties. Generally speaking, it is strongly recommended to put your weapons, whatever their categories (B, C or D) out of reach of children and possible intruders or thieves by storing them in a safe for weapons. This safe must be fixed to the floor or wall.

Free delivery by courier service on the ground floor, not unpacked, in Metropolitan France.

For Corsica, a transport package will be required.
