## Robust and affordable full metal Hi-Capa 5.1 spring replica.

**GALAXY Hi-Capa 5.1** spring replica, entirely made of metal, ideal for beginners or as a reliable and easy-to-use backup weapon.

- **Caliber:** 6 mm BB
- **System:** Spring (manual)
- **Capacity:** 12 marbles
- **Power:** ~0.5 joules (~230 FPS)
- **Materials:** Full metal, ABS handle
- **Weight:** 600 g
- **Length:** 210 mm

### A spring-powered replica with a modern, tactical style.

The **Galaxy G6** is clearly inspired by the **Hi-Capa 5.1** models, which are very popular in the airsoft world. It retains the wide and stable design of the format while incorporating a **simple and efficient** spring mechanism, perfect for training or recreational games.

### Full metal for realism and durability

With its **metal body and slide** , the G6 offers a feel closer to the original. The textured **ABS grip** ensures a secure hold. The overall **weight is a well-balanced 600g** , ideal for extended use.

### Simple and consistent performance

This model delivers a power of **approximately 0.5 joules** (around 230 FPS), making it suitable for most **CQB or outdoor recreational** environments. The spring-loaded system is highly regarded for its **reliability** and low maintenance requirements.

### Fixed hop-up and good capacity

The **integrated hop-up** stabilizes the BB trajectory, providing decent accuracy for short-range shooting. Its **12-round** magazine allows for continuous play without reloading after each shot.

### Secondary specifications

- **Hop-up:** Fixed
- **Blowback:** No
- **Firing mode:** Single shot / Safe

- **Recommended marbles:** 0.20 g
- **Finish:** Matte black

**FAQ**

**Is the Galaxy G6 a true Hi-Capa replica?**

No, this is not a licensed version, but it faithfully reproduces the shapes of the Hi-Capa 5.1 in an economical spring format.

**Is this replica suitable for beginners?**

Yes, the G6 is robust, easy to use, and requires no special maintenance. It's an excellent choice for getting started in airsoft.

**Is it possible to add accessories?**

No, this model does not have a rail or threading. It is designed to remain simple, reliable, and efficient as is.
