The Wildlands line of lever rifles was brought to life with the modern hunter in mind

This rifle is ideal for hunting in various environments and difficult conditions thanks to its reliability.

- Capacity: 4 shots
- laminated wood
- Caliber 45-70
- Fixed optical fiber
- Extraction: Ejector
- 5 / 8x-24 threaded barrel

Lever action rifles are particularly appreciated for driven hunting and stalking for their great safety of use. It is in fact possible to move with the empty chamber and quickly feed the weapon with a simple movement of the strong hand.

Likewise, it is simple to open the chamber and even empty the tubular magazine in seconds.

We must also not neglect the real pleasure of using a lever-action rifle which cannot fail to recall the westerns of our childhood and the legendary Winchester rifles!
