A large hunting rifle with threaded barrel and adjustable stock.

The Browning XPR Varmint rifle is equipped with a Kalix adjustable cheekpiece stock for maximum comfort when using a scope, which is mandatory on this rifle without open sights.

Equipped with a threaded barrel to adapt a sound moderator or a muzzle brake, an Inflex technology recoil plate as well as bases, it will be perfect for pest control as well as for big game hunting.

- Detachable magazine: 3 cartridges in magnum caliber - Capacity: 3 + 1
- M14x1 threaded semi-heavy barrel: more rigid for use with a silencer.
- Oversized cocking lever.
- Supplied with 2 short Weaver type base mounts

- Stock Highly resistant composite material. - Inflex butt plate
- XPR technology steel frame - Single trigger MOA Tm

Non-contractual photo: Rifle sold without scope or collars.

Shooting pests requires precision, stealth and maneuverability. Thanks to the oversized locking handle, you can rearm your XPR in record time. The composite stock is equipped with an adjustable comb from the famous Kalix brand for optimal eye/optical alignment. The 53 cm semi-heavy barrel guarantees extreme precision at all ranges. With its M14X1 barrel thread your XPR™ is ready to mount a sound moderator, necessary for discreet and effective shooting.
