The practical and comfortable hunting boot in natural rubber!

Rubber outer boot, polyester lining, washable lining with sponge and quick drying.
Notched outsole, thickness in 3 rubber densities. : cushioning, stability and resistance to abrasion.
Gomma Plus® majority natural rubber boot upper.
Insole: Absorbent foam on rubber base, lined with Softex®.

Interview :

Clean the boot after each use with clear or slightly soapy water (Neutral PH). Wipe the boots with a non-fluffy cloth. A few times a year, or more often if you use your boots daily, apply a dose of Swipol to treat the rubber and allow it to return to its original appearance. Keep away from light and any heat source, in an upright position after cleaning it.
