Eagle leather walking shoes with stone guard.

Sarenne GTX shoe in synthetic leather and textile: combines robustness, style and comfort.

Goretex membrane (GTX): prevents water from entering and allows perspiration to evaporate. Front and rear stone guards for better resistance. Polyester insole on polyurethane foam - Rubber outsole with marked relief for better grip.

Interview :

- Clean the inside and outside of the shoe with a damp, lint-free cloth.
- Never dry wet shoes near a heat source or in direct sunlight.
- Caring for velvet-look leathers (split leather, nubuck): brush the surface with a soft brush to remove dust, then apply a waterproofing agent (never use shoe polish).
- Caring for smooth-looking leathers: wipe the surface with a soft damp cloth, then apply a small amount of wax-based product to create a protective film on the shoe.
