Rifle of the conquest of the West with a magnificent wood.

Rifle rifle with black powder and percussion.

- 6-striped barrel with a step of 1:47 " i.e. 1200 mm

Replica rifle from the American West in a superb maple finish which offers a very beautiful wood with red hues and sumptuous dark stripes.

Easy to reload and shoot thanks to its percussion firing principle that was once called a capsule rifle (this will speak to Jules Vernes readers!).
