Your lubricant and protective film for your weapons

Maintenance of weapons and bluing anchors. Provides lasting protection against moisture, gives a natural shine and resistance to wear thanks to its protective film.

Ideal for extended or winter storage.

This product ensures the maintenance of the weapon and the anchoring of the professional bluing with a perfect finish.

It nourishes and provides lasting protection against all splashes and moisture, and allows for a natural shine and resistance to wear thanks to its protective film.

This product is ideal for preserving your weapons during prolonged or winter storage.

Instructions for use:

- Apply a thin layer of the product using a brush or cotton swab to the metal parts to be bronzed. Wipe off the excess and let it dry.
- Repeat the process until the desired shade is obtained (from midnight blue to black).
- Apply the product with a cloth to seal the bluing. Then, buff with a microfiber cloth for protection and a perfect finish on the firearm.

Biodegradable product, safe to use
