Aigle walking shoes in polyamide and MTD membrane.

HUNTSHAW 2 shoe in MTD polyamide fabric for all-weather hunts.

- Split leather and polyamide upper.
- MTD membrane: prevents water from entering and allows perspiration to evaporate.
- Synthetic stone guards on the front and back for intensive use at work, hunting or hiking
- Polyamide insole on foam
- Rubber outsole
- Two-tone laces

- Upper in split leather and polyamide.
- MTD membrane: prevents water from entering and allows perspiration to evaporate.
- Synthetic stone guards at the front and rear allowing intensive use at work, hunting or hiking

- Polyamide insole on foam
- Rubber outsole
- Two-tone laces

Interview :

- Clean the inside and outside of the shoe using a damp, lint-free cloth.
- Never dry damp shoes near a heat source or in direct sunlight.
- Maintenance of leather with a velvet appearance (split leather, nubuck): brush the surface using a soft brush to remove dust then apply a waterproofer (never use shoe polish).
- Maintenance of smooth-looking leather: wipe the surface with a soft damp cloth then apply a small amount of wax-based product to create a protective film on the shoe.
