The semi-automatic rifle signed Winchester for beaten hunting!

The robust SXR2 Composite is extremely efficient. Discreet, it has a stock and a handguard made of ultra-resistant composite materials; Equipped with an innovative grid, its grip zones guarantee easy and secure handling.

Winchester launches the new generation of Semi-Auto rifle.
• After 13 years of good and loyal service, the SXR Vulcan receives a new youth: the new SXR2.

Reliable Product:
• Proven gas borrowing system
• Foolproof reliability
• Adjustable if necessary
(Subsonic ammunition - mounting of heavy accessories)
Robustness and Safety
• Barrel produced in Belgium by FN Herstal (tested to CIP standards before mounting on the weapon)
• 53cm barrel - calibers 300Win Mag / 30-06 Sprg. / 308Win / 9.3x62
• Rotary lock with 7 pins for a flawless locking

The Crosse :
• Completely renewed
• Straighter handle to avoid "breaking the wrist"
• Ambidextrous palm-swell for exceptional grip.
• Innovative grid for a reliable and secure grip
• INFLEX II recoil pad for greater shooting comfort

The stock is adjustable thanks to the spacers (set of 6 supplied with the weapon)
• 3.5 mm up or down
• 3 mm to the left or to the right

Original stock length: 360mm
Adjustable thanks to a 7mm spacer (optional) or a thicker layer plate as an option. (25mm or 30mm)

The hand guard:
• A modern and streamlined design
• Reduction of the width of the handguard by 10%! Better handling of the rifle
• Innovative grid for a reliable and secure grip in all conditions

• Wider cocking lever for ease of operation with or without glove.
• Integration of a slide stop control:
• Increased safety by keeping the breech open when the weapon is unloaded
• Ease of use both for loading and unloading

New front and rear sight set for even faster aiming.
• Adjustable with a 1.5mm Alen key
• Ultra-bright LPA optical fiber
• Mounts and rings:
• Compatible with the existing SXR model
• Integrated rings
• Nomad rails for removable mounts
