Pair of technical socks with RESISTEX BIO-CERAMIC polyester sole for optimal thermoregulation and quick drying

HUNTING EXPERT mid-calf socks in khaki, ideal for staying dry and warm in cold weather

- Thickness Medium
- 3-layer knit: for moisture wicking, long-lasting strength and perfect insulation from the cold
- Sock that adapts completely to the morphology of the foot
- Heel and toe reinforcements
- Softness and comfort of the textile
- Available from size 39 to 46

MONNET, with its extensive experience in thermal products and textiles, offers the most effective, robust, durable and comfortable socks.

The high level of manufacturing has been rewarded by a partnership with the French Alpine and Nordic Skiing Federation.

Designed and manufactured exclusively in France, MONNET draws on its unique and unrivaled expertise to create products that are completely resistant to cold, snow and humidity.

Their experience in the high mountain and skiing environment has allowed the company to create a large range of socks intended for OUTDOOR activities, such as hunting, trekking, trail running, and

hiking.

Composition :

43% Polyester: Breathable fiber for quick drying

28% Polyamide: for dimensional stability and good endurance

16% Polypropylene: Comfort and quick drying

8% Wool: Soft warmth

5% Elastane: For a second-skin effect and optimal fit on the foot
