MONNET, with its extensive experience in thermal products and textiles, offers the most effective, robust, durable and comfortable socks.

The high level of manufacturing has been rewarded by a partnership with the French Alpine and Nordic Skiing Federation.

Designed and manufactured exclusively in France, MONNET draws on its unique and unrivaled expertise to create products that are completely resistant to cold, snow and humidity.

Their experience in the high mountain and skiing environment has allowed the company to create a large range of socks intended for OUTDOOR activities, such as hunting, trekking, trail running, and hiking.

Composition :

- 46% Polyamide: for dimensional stability and good endurance
- 31% Merino Wool: Soft warmth
- 21% Elastane: For a second-skin effect and optimal fit on the foot

- 2% Polyester: Breathable fiber for quick drying
