A PCC compatible with GLOCK magazines

- 13.5" barrel with 5/8x24 TPI thread and HERA PCC compensator
- Hera Arms CCS 6-position telescopic stock
- 12" "Sport" full handguard
- Compatible with Glock magazine
- Flared magazine well (Magwell) for quick and easy magazine insertion
- Ambidextrous slide stop and fire selector.
- Lower and Upper machined from 7075 T6 aircraft aluminum
- Total length between 76 and 85 cm

The 9ers rifle was developed especially for sports shooters looking for a light and dynamic weapon, ideal for speed sports shooting (TSV Rifle) or IPSC.

Its CCS compensator with 3 chambers on its upper part, reduces the raising of the barrel when firing and promotes the stability as well as the recovery of the weapon.

The 9ers model stands out for its modularity and customization. Hera Arms offers many different configurations for a complete customization of its PCC (Pistol Caliber Carbine)

Most of the parts being machined and assembled in the [HERA ARMS](#) factories in Germany, this guarantees you a perfect fit of the parts, an excellent quality of finish, and unfailing reliability.
