An ultra-compact mechanical trunk

The **WALDBERG First 5-gun case** is an ideal choice for those with limited space who want to securely store their **long guns** . At only 25 cm wide, it fits easily into a wardrobe or against a narrow wall without taking up too much room.

Double key lock, no electronics

This model operates solely with **a double key lock** , without batteries or digital components. Each of the two locks activates two side bolts, providing a **secure and durable mechanical closure** . Four keys are included for convenient use.

Integrated ammunition box in the upper section

The **ammunition box** occupies the upper section. It allows for the storage of a few boxes of cartridges or small, sensitive accessories, while freeing up the central space for firearms. The

interior of the box is protected by **gray carpeting** on the floor.

- **Ammunition box dimensions:** 22 x 22 x 14 cm
- **Fixing:** concrete anchors and screws supplied
- **Colour:** black with screen-printed logo or sticker
- **Layout:** 5-position rack (not suitable for side-by-side shotguns)

Compliant storage for category B weapons

This safe meets the legal requirements for the **secure storage of Category B firearms** . It is also perfectly suited for **Category C and D** firearms for civilian, sporting, or professional use. Floor or wall mounting is **mandatory** for full compliance.

Simple and free delivery

The **WALDBERG safe** is delivered free of charge within mainland France, to ground floor level, and unopened. A **flat fee of €50** applies to Corsica. It must be ordered directly from your gunsmith.

FAQ

Is this safe compatible with side-by-side shotguns?

No, the internal rack is not suitable for side-by-side shotguns due to their specific width.

Is the mounting bracket mandatory for this model?

Yes, the safe must be fixed to the floor or wall to meet legal requirements related to the possession of weapons.

What is the method for opening the safe?

The safe opens with two separate master keys, each independently activating two locking points.
