An innovative shooting tripod with universal REAPER GRIP attachment

A high-end shooting tripod used by sports shooters, hunters and law enforcement for standing, sitting or lying down shooting.

- Machined from aircraft aluminum alloy
- Reversible 3/8"-16 or 1/4"-20 thread for mounting a weapon rest head
- 3 foot spread positions
- Durable foam coating for a secure and firm grip
- Legs with 3 extensions with robust locking system
- Maximum authorized load: 11 kg
- Central column adjustable in height and reversible.
- Fully extended height: 1.82 cm
- Fully folded height: 68 cm
- Weight: 2.495 kg

The design of the REAPER GRIP assembly allows it to be adapted to any shape of rifle stock without damaging the weapon.

The REAPER GRIP provides a safe and effective hold preventing the weapon from coming out of the housing when firing while allowing a certain balance of the weapon in order to adjust its aim.

REAPER GRIP mounting head

- Adjustable non-slip jaws to fit straight and tapered stocks
- 360° rotation with lock
- For barrel with a thickness of 25.4 mm to 76.2 mm
- 109° elevation range (21° up and 87° down)
- Offset head to facilitate weapon handling
- Design preventing any tearing of the weapon at the time of the shot.

Developed for precision, KJI tripods are intelligently designed to provide the shooter with incredible shooting comfort and stability.

Initially dedicated to members of law enforcement, the KJI PRECISION shooting supports do not compromise on quality, resistance and finishes. They provide secure support for the weapon and relieve the shooter who has to keep his position for long hours.

Its adjustable feet coupled with interchangeable rubber pads allow it to adapt to all types of terrain, even the most uneven.
