- Design preventing any tearing of the weapon at the time of the shot.
- 3/8"-16 thread and adapter for 1/4"-20 thread
- Weight: 1134g

An innovative shooting support for hunters practicing stalking or post shooting.

For the shooter, it provides excellent support on any type of support (wall, wooden panel, car door window, etc.)

This AMBUSH arm sold alone requires a bipod with picatinny rail mounting as well as a weapon support.

It is intended for hunters and shooters who already own a KJI REAPER GRIP or REAPER RAIL mounting head.

The AMBUSH mount is as easy to install as it is to remove from its mount, with quick and easy adjustments.

Its non-slip claw provides effective and safe support on all types of surfaces without damaging them.

Initially dedicated to professional use, the KJI shooting supports allowed unparalleled shooting comfort and reduced fatigue for a shooter who had to keep his position for hours.

Offered to hunters and sport shooters, KJI products allow shooting with incredible precision at ever greater distances.
