- **Brand:** Stalon
- **Dimensions:** 175 × 80 × 115 mm
- **Weight:** 289 g
- **Material:** High-transparency plexiglass
- **Color:** Transparent
- **Use:** Display in a shop window or on a counter

### A premium presentation

The **Stalon suppressor display stand** was designed to showcase the brand's **sound moderators** in gun shops, specialty stores, or at trade shows. Its transparency puts the product front and center while providing a modern and refined finish.

### High-transparency plexiglass

Made from high-quality plexiglass, this stand offers excellent rigidity while remaining visually discreet. Its clean design allows the entire sound moderator to be seen, enhancing its visual impact without being distracting.

### Stable and functional

With its dimensions of **175 × 80 × 115 mm** , this display stand ensures stable support for compatible silencers. It also facilitates product handling by staff while maintaining a professional presentation on a counter or in a display case.

### Ideal for points of sale

Whether for a permanent exhibition or a commercial operation, this support helps to enhance the value of shooting and hunting accessories while improving product visibility to customers.

## FAQ

### What is the purpose of this display stand?

It allows you to present a Stalon sound moderator in a stable, elegant and professional manner on a counter or in a display case.

### What material is it made of?

The display stand is made of high-transparency plexiglass, offering robustness, lightness and excellent visibility of the displayed product.

### Can it be used in a shop window?

Yes. Its transparent design and compact dimensions make it perfectly suited for display in shop windows, on counters, or at trade events.
