The generation 2 of the ultra-compact CQR from HERA, with its revisited equipment.

- 7.5'' barrel with 1:9 rifling pitch and 1/2x28 thread
- Hera Arms CC 3 chamber compensator
- HERA CQR Gen 2 compact length-adjustable stock and grip
- Trigger spring kit for an adjustable starting weight of 1.5 to 2.5 kg
- 7'' RIS Quad Rail 21 mm handguard for mounting red dot, lamp, laser and accessories
- Comes with a 10-round magazine

Semi-automatic rifle based on an AR15 with an avant-garde design with a compact stock system ideal for TSV and CQB

A futuristic design for this formidable weapon of efficiency and stability with its ergonomic stocks and handles. It allows semi-automatic firing with a high rate, while maintaining its line of sight and limiting the bearing due to gas.

The HERA ARMS 15 TH CQR model has a 7.5-inch barrel, delivered in an ABS-type case with code HERA ARMS logo, with a 10-shot magazine and its safety push-button kit offering no less than 25 configurations, as well as a a competition type hammer spring kit offering a trigger adjustment range between 1.5 and 2.5 kg!!!

The weapon is equipped with a HERA ARMS CQR stock and the HERA CQR front grip system, both revisited offering even more stability with adjustable dimensions.

Made of impact resistant polymer, The CQR stock (464 gr), in combination with the CQR foregrip (170gr), offers the most compact and ergonomic fixed stock system for the AR15 / AR10 platform

the stock features two Quick Detach type shoulder strap locations.

The entirely machined and engraved carcass with an avant-garde design presents a grid itself machined on the front of the flared magazine well. In addition, the latter is equipped with a breech locking pusher (forward assist).

The upper works by borrowing gas, has a 1/9 rifling barrel with a length of 7.5 inches.

Completed with a 65 mm HERA ARMS CC 3-chamber compensator with 3 vent holes with 1/2x28 thread to dissipate the blast effect.

The latter is equipped with a RIS handguard benefiting from picatinny rails on all sides allowing to add all types of additional equipment.
