To burnish steel from midnight blue to black and erase impacts!

Armenet Cold bronzing enables instant cold bronzing and ensures that mechanisms and barrels are kept in new condition.

After having carefully degreased the weapon, apply the product with a brush to the metal parts to be treated. Wipe off excess and let dry. Repeat the operation until you obtain the desired shade. Finally, polish with a microfiber cloth soaked in Armenet Fixateur de Bronazge for protection and a perfect finish!

After having carefully degreased the weapon, apply the product with a brush to the metal parts to be treated. Wipe off excess and let dry. Repeat the operation until you obtain the desired shade. Finally, polish with a microfiber cloth soaked in Armenet Tanning Fixer for protection and a perfect finish!
