Anchor the burnishing of steels!

Armenet Tanning Fixer is ready to use. Gives a natural satin appearance and increased resistance to wear thanks to a water- and oil-repellent protective film. For the exterior and interior of the weapon.

It restores the shine of new and protects steels, giving them a natural satin appearance and increased resistance to wear thanks to a water- and oil-repellent protective film.

Can be used for the exterior as well as for the interior of the weapon.

After applying Armenet Bronzage à Froid and letting it dry, generously apply Armenet Tanning Fixer with a soft cloth to anchor the tan and leave the product to act for at least one hour. Then polish with a microfiber cloth for a perfect finish of your weapon.
