Revitalizes, cleans, nourishes, rehydrates, and waterproofs your leathers!

Armenet Popote du Tanneur comes in the form of a clear, non-coloring, ready-to-use lacquer. Enhances the color and nuances of leather. Cleans and shines without odor. Protects and waterproofs with a water- and oil-repellent film.

Armenet Popote du Tanneur comes in the form of a clear, non-colouring, ready-to-use lacquer. Highlights the color and nuances of the leather by rehydration. Cleans and shines without odor. Nourishes, cares for and deeply softens new and old dry or cracked skin.

Protects your leather from stains, and waterproofs it thanks to a water and oil repellent film.

Apply generously with a brush until it penetrates the leather without pushing back. Wait at least 30 minutes so that the piece of leather is well impregnated, then wipe off the excess with a clean cloth.

Then leave to dry for 12 hours before polishing the leather with a soft cloth to obtain protection and a perfect finish.

It is advisable to carry out a preliminary test on a non-visible part *. It is normal to notice a darkening of the leather when the product is applied.*
