Professional conditioning, to fight against roof rats, brown rats, mice and other rodents.

Effectively controls rats from juvenile to adult stage.

Professional packaging: 10 kg box with sub-packaging in waterproof bags to improve product preservation.

Contains bitter protection for children and pets.

3 versions to adapt to all environments:

- Strong 25 biostabilized rat bait. Long-lasting action observed for 3 to 14 days following ingestion. Several doses are necessary for rodents to succumb. Does not arouse suspicion in other rodents.
- Patarat fresh rat bait paste. A highly attractive 10g sachet of soft paste with an irresistible aroma. It won't crumble or dry out; a single ingestion is fatal.
- Probloc 25 rat and mouse bait cubes: eliminates all rodents; a single ingestion is fatal. Anticoagulant molecule: difenacoum.

.

APE Brown rats, Norway rats - Strong 25 GRAIN BAIT RODENTICIDE - Control of RODEN RATS AND Norway rats from juvenile to adult stage Characteristics Specially adapted for baiting stations Use against Norway rats and Norway rats outdoors around buildings bait made from bromadiolone on grain The action of the product is observable within 3 to 14 days following ingestion of the product by rodents. Several grips are necessary for the rodents to succumb. This delay between ingestion and the death of the rodent is inherent to the mode of action of anticoagulants. It avoids arousing the mistrust of other rodents who continue to consume the product.

FRESH PASTE Patarat RODENTICIDE - Fight against BLACK RATS, BROWN RATS Characteristics APE PATARAT Paste is a ready-to-use ALL SPECIES rodenticide which eliminates all resistant rodents and pests. Its HYPER ATTRACTIVE power, due to its particular aroma, gives it remarkable power. A single ingestion is fatal.

BLOC - PROBLOC 25 MULTICEREAL RODENTICIDE - Targeted fight against BLACK RATS, BROWN RATS and DOMESTIC MICE Suitable for damp places, very long shelf life. CURATIVE / PREVENTIVE Characteristics PROBLOC 25 is a ready-to-use ALL SPECIES Rodenticide which eliminates all resistant rodents and pests. Its water-repellent power gives it a very long shelf life in a humid environment. A single ingestion is fatal.
