Non-dispersing rifled barrel and versatile chokes

The 61 cm rifled, non-dispersing barrel maintains excellent accuracy while offering great versatility. The five interchangeable chokes allow the rifle's performance to be adapted to different situations encountered in the field.

UTG red dot: rapid target acquisition

The UTG sight is made of CNC-machined 6066-T6 aluminum with a matte black anodized finish. Its 4 MOA red dot, adjustable to 8 intensity levels, facilitates aiming in various lighting conditions. Its IPX7 waterproof rating and robust design make it perfectly suited for outdoor use.

Simplified assembly thanks to the Picatinny adapter

The included UTG adapter converts an 11mm rail into a 21mm Picatinny rail. This practical solution allows for secure optical installation while providing excellent mounting stability.

Ergonomics and transport comfort

The synthetic stock combined with the pistol grip provides a firm and comfortable hold. The UTG two-point sling facilitates movement and improves comfort during long days in the field.
