A robust, high-visibility spear for serving game from a distance and in safety

Driven spear made in France consisting of a dagger with leather sheath and a 120 cm shaft. Double lock of the dagger on the handle.

- Single edged dagger with 6mm blade back and fuller.
- Large and sturdy brass hilt
- One-piece aluminum shaft 120 cm, diam 32mm, weight 900g.
- 3 sets of non-slip grooves and special battered orange finish.
- Leather sheath for the dagger with locking strap and belt carrying system.

Two locking systems of the dagger on the handle by quarter turn on two screws and notch preventing any unwanted rotation of the knife.

Reliable and safe operation preventing any untimely release of the blade in game.

- Single-edged dagger with 6 mm blade back and fuller
- Large and sturdy brass hilt
- Blade length: 25.5 cm
- Dagger length: 37.5 cm
- Dagger weight: 450g

- One-piece aluminum handle Tube length: 120 cm
- Total length: 147cm
- Tube diameter: 32mm
- Tube weight: 900g
- Total weight: 1350g
- Leather sheath for the dagger with locking strap and belt carrying system

A 100% Made in France spear for serving wild boar.

A quality hunting dagger with an excellent edge.

The tapered profile of the blade with its long point, makes it particularly efficient for thrusting blows.

The quality of its cutting edge makes it a suitable dagger for the size.

The thickness of the steels and alloys used for the tube provides great rigidity to the spear which will not bend under the weight of the force exerted.

Allows you to kill the boar safely and from a distance. The spears are used to finish off big game at the end of the hunt or if it is wounded.
