RE0106	BP Reloading Rack for Black Powder Handgun	Vente libre	113.00 € incl. tax

Folding stand for easy reloading of black powder pistols and revolvers.

This loading support is compatible for all types of handguns (Revolver, flintlock pistol, matchlock pistol, percussion pistol, etc.). It will be suitable for both reloading and cleaning your weapons. It will also make an ideal support for displaying your weapon in a display case.

Fits .36 and .44 caliber revolvers and pistols of all calibers regardless of barrel length. This support has, in fact, height-adjustable wedges allowing it to be adjusted in relation to the total height of the weapon.

- Oak-colored Jatoba wooden support base (South American wood known for its high hardness)
- Grooved base with anti-slip texture to ensure better stability of the support
- Removable reloading support block with opening up to 90°
- Adjustable wooden block for positioning and maintaining the stock
- Adjustable wooden wedges for installing and maintaining the barrel

Thanks to this reloading support, keep both hands free for safe handling. The support ensures the stability of the weapon during reloading.

Each adjustment support is made of wood, pre-cut to accommodate your pistols or revolvers.

The notches in the receiver-cannon supports form a V 1.5 cm deep by 3.5 cm wide. X height 2 cm.

The notch in the stock support is 1.5 cm deep x 4.5 cm wide x 2 cm high.

The wood of the supports can be reworked to fit your weapons perfectly. (Dimensions and weight may vary slightly depending on the series)

The bolts used to adjust the level supports are made of black zinc-plated steel. With copper washers.

Dimensions:

- wooden support: 29 x 14 x 2 cm
- wedge for the stock: 24 x 9.5 x 2 cm
- shims for the barrel: 31.6 x 9.9 x 3.1 cm
- Stock wedge adjustment range: 7 adjustment levels from 14.5 cm to 23 cm
- Barrel wedge adjustment range: 11 adjustment levels for barrel from 10 to 50 cm
- Total weight: 2.4 kg
