SKU	Designation	French Law	Weight (g)	Colors	MSRP
A51136	Transparent glasses	Vente libre	22	Translucent	19.00 € incl. tax
A51137	Sunglasses	Vente libre	22	Black	19.00 € incl. tax

Singer Safety's Evalor goggles are the lightest in the range.

Slim, bi-injection temples and a non-slip insert under the nose bridge for optimal comfort and support. Anti-scratch and anti-fog lenses. Effective protection for shooters and hunters against shell casings and powder residue.

With a frame with thin bi-injection temples and anti-slip insert under the bridge of the nose for optimal comfort and support on the face. The curved lenses are in transparent or tinted polycarbonate with anti-scratch and anti-fog treatment. The end of the branches are perforated to allow a cord to pass. With a weight of only 22 g, they will provide effective protection for shooters and hunters against casing returns and powder residue.
