CS 80 - Gel liquide incapacitant/neutralisant - Made in France

On packaging: box of 2

Following the regulatory change of August 2018, aerosols classified in category B, subject to authorization.

Suitable for use by law enforcement agencies, private security companies and traders (tobacconist, bakery, jewelry ...) to neutralize an aggressor (s).

Causes an immediate stop of the attack and the neutralization of the aggressor (s) for about 20 to 40 minutes.

The gel (compared to gas) is recommended for selective use because it acts only on the affected person.

Inside and outside, there is no zone effect.

- The capacity of 300 ml, allows sweeping an area.
- Active ingredient: CS gel neutralizing agent
- Made in France

According to the weapons legislation that came into force on 1 August 2018, defense aerosols of more than 100 ml are now classified in categories B and therefore subject to authorization.

* defense aerosol = defense bomb
