### Percussion rifle with rifled barrel

This black powder rifle is equipped with a finely laser-engraved percussion plate. Loading is done through the muzzle of the 28" (71cm) rifled octagonal barrel. The starting mechanism is a double trigger of the stecher type (the second trigger, closest to the trigger guard, is used to pre-cock the trigger to reduce the starting weight of the main trigger).

- Rich walnut stock with authentic lines
- Engraved plate
- Adjustable slider rise
- Available in .45 and .54 caliber
- **For caliber 45, available assembled or in kit**
