Enjoy effective and discreet hearing protection with the Num'Axes Bluetooth headsets.

The ORE1068 Bluetooth noise-cancelling earbuds significantly reduce harmful noise and bangs, and amplify natural outdoor sounds (people, animals, foliage, etc.). Plus, their Bluetooth functionality lets you take calls or listen to music while you continue your activities.

The use of a firearm or devices such as a lawnmower exposes the auditory system to loud noises which can cause side effects (ringing in the ears, hearing loss, etc.).
